

AGMAX INDUSTRIES LTD
Weta
SAFETY DATA SHEET

Issue Date: September 09

1. Product and Company Information

Product Name: AGMAX WETA
Proper Shipping Name:
Synonyms:
Recommended Use: Wetting agent for Agmax Glyphosate
Manufacturer: Agmax Industries Limited
Address: 47 Allens Road, East Tamaki, Manukau City 2141, Auckland
Telephone Number: 09 271 5290
Facsimile Number: 09 271 5293
0508 524 824 Monday – Friday 8:00 am – 5:00 pm
NZ Emergency Number: 0800 243 622 (24 hours)
Website: www.agmax.co.nz
Email: info@agmax.co.nz

2. Hazards Identification

Dangerous Goods Not classified as Dangerous Goods by the criteria of the New Zealand Standard 5433:2007 Transport of Dangerous Goods on land

HSNO Classification and **HSR003178**

Hazard Statements: This material is not classified as hazardous according to the Hazardous Substances (Classifications) Regulations 2001

9.1A
9.1A H400 Very toxic to aquatic life

Prevention statements:
P103 Read label before use.

Response statements:
P391 Collect spillage

Storage statements:

Disposal statements:
P501 Dispose of in accordance to local regulations

3. Composition / Information on Ingredients

Appearance: **Liquid** - Clear – Clear with milky streaks (temperature dependant)
Active Ingredient **103818-93-5** Polyoxyethylene Polyoxypropylene Alkyl Ether

4. First Aid Measures

Ingestion: Immediately rinse mouth with water. If swallowed, DO NOT induce vomiting. Give water to drink. Seek medical attention.

Eye Contact: Irrigate with copious quantities of water for 15 minutes. Eyelids to be held open. In all cases of eye contamination it is a sensible precaution to seek medical advice

Skin Contact: Remove contaminated clothing. Wash skin with running water. If irritation occurs, seek medical attention. Wash contaminated clothing before re-use.

Inhalation: Remove the victim from exposure. Keep at rest till fully recovered. Seek medical attention..

Note to Physician: Treat symptomatically.

5. Fire-Fighting Measure:

Specific Hazards: Combustible liquid. On burning will emit toxic fumes including those of carbon monoxide and carbon dioxide.

Suitable

Extinguishing Media: Water fog (or if unavailable fine water spray), foam, do not use water jets. For small fires, use foam dry chemical, carbon dioxide or water spray.

6. Accidental Release Measures:

Spill Cleanup Methods: Contain and absorb. Avoid contamination of waterways. Use absorbent (soil, sand or other inert material. Collect and seal in properly labeled drums for disposal in accordance with local / regional regulations

7. Handling and Storage:

Handling: Avoid eye contact and repeated or prolonged skin contact. Always wash hands before smoking, eating, drinking or using the toilet.

Storage: Store in cool place and out of direct sunlight. Store away from strong oxidizing agents. Keep containers closed at all times – check regularly for leaks.

8. Exposure control / Personal Protection:

Exposure standards: No value assigned for this specific material by New Zealand Occupational and Health Service (OSH)

Engineering controls: **Natural** ventilation should be adequate under normal conditions.

Personal Protection: Overalls, Safety shoes, Safety glasses, gloves should be worn, wash well before re-use. Wear respirator when used in spraying applications.

9. Exposure control / Personal Protection:

Appearance and Odour: Clear – Milky white with a musky smell
Solubility in water (g/l): Fully miscible
Specific Gravity: 1.003
pH value: 6 – 8 (1% aqueous solution)

10. Stability and Reactivity:

Stability: Stable under normal conditions of use
Incompatible with strong oxidizing agents.

11. Toxicological Information:

General: No adverse health effects expected if the product is handled in accordance with this Safety Data Sheet and the product label. Symptoms that may arise if the product is mishandled are:

Ingestion: Swallowing may result in irritation of gastrointestinal tract.

Eye Contact: May be an eye irritant.

Skin Contact: May be a skin irritant. Will have a degreasing action on the skin

Inhalation: Inhalation of high concentrations of mist may produce respiratory irritation

12. Ecotoxicity Information:

No LC50 data available for the product

13. Disposal Considerations:

Container disposal: Dispose of empty containers safely in accordance with local regulations.
Triple rinse containers when empty, Add rinsings to next use solutions.
Avoid contamination of natural water supplies with chemical or empty container.
After cleaning, all existing labels should be removed.

14. Transport Information:

UN No.

Dangerous Goods Class:

Packing group:

Proper Shipping Name: Agmax Weta

Segregation: Don't store with D.G class 5, strong oxidizing agents.

15. NZ Regulatory Information:

ERMA Approval Code: HSR003178
Group Standard: Polyalkylene oxide derivative of a synthetic alcohol
HSNO Classifications: NOTS 211042
HSNO Controls:

Approve handler test certificate: *Not required*
Hazardous substance location: *Not required*
Location Test certificate: *Not required*
Hazardous Atmosphere Zone: *Not required*
Emergency Plan: *Not required*
Tracking: *Not required*
Warning Signs: *Not required*
Record of application or discharge: *Not required*

16. NZ Regulatory Information:

New Zealand Poisons Information Center 0800 POISON (0800 764 766)

Disclaimer:

The data given relates to this product alone, and not to its use in conjunction with other substances or products. In such circumstances, assuming the combination is permitted, refer to product labels, be guided by the most hazardous of the substances involved and observe the more stringent hazard controls applicable.

The information contained in this Safety Data Sheet was obtained from current and reliable sources. The data is supplied without warranty, expressed or implied regarding its correctness and accuracy. It is the user's responsibility to determine safe conditions for use of this product and to assume liability for loss, injury, damage, or expense resulting from improper use of this product.
