SECTION 5 : FIRE FIGHTING MEASURES**EXTINGUISHING MEDIA**

Compatible with all usual extinguishing media, but for safety reasons **do not** use high volume water jet.

SPECIAL HAZARDS FROM THE SUBSTANCE ITSELF

In the event of fire, toxic fumes are emitted from its combustion products.

SPECIAL PROTECTIVE EQUIPMENT

Firefighters should use self-contained breathing apparatus and protective clothing in case of fire.

FURTHER INFORMATION

Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. Vigorous flushing with water will cause foam.

SECTION 6 : ACCIDENTAL RELEASE MEASURES**SPILLS AND DISPOSAL**

Remove leaking containers to a detached area. Bund spill area and recover - consider recycling. Contain spill with inert material. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Keep in suitable, closed containers for disposal.
